

Interested in exposing your organization to faith community nurses in the Twin Cities? Consider joining with the **Faith Community Nurse Network** to sponsor one of our quarterly workshops.

*The Faith Community Nurse Network was founded in 2004 by an interfaith group of faith community nurses and a Hennepin County Public Health Nurse. Our mission is to help faith community nurses serve people throughout the Twin Cities. We have developed a network of nearly 400 faith community nurses (FCNs) who work out of 245 Christian, Jewish and Muslim congregations. We provide them community connections, continuing education programs, and program and funding opportunities. We have also sponsored and participated in faith community nursing research.*

The Faith Community Nurse Network holds four continuing education workshops each year in January, March, June, and October. Approximately 80-100 FCNs attend each workshop. The workshops run from 9:30 am -12:30pm.

Since our list serve is confidential, this is the best way to market your services to a large group of FCNs. Sponsorships fill up fast. We currently are taking reservations for 2012 workshop sponsorships.

***Program Sponsors:***

- As a Sponsor, you are given an 8' table to display your information.
- We schedule only 8 Program Sponsors per workshop.
- The cost to Sponsor an event is \$150 per workshop, and is due when the reservation is made. It is refundable with 6 weeks notice. An organization can sponsor more than one workshop per year.
- Your organization will be acknowledged in the FCNN annual report.

***Program Partners:***

- As a Program Partner, you cater the boxed lunches for the 100-125 participants.
- The cost usually runs around \$900, depending upon which caterer you select. You pay the caterer directly.
- As a Program Partner, you are given an 8' table to display information during the workshop.
- You will have an opportunity to address the group for 3 minutes prior to lunch.
- Your organization will be noted on the flier advertising the workshop, in the agenda, on the FCNN website and in the FCNN annual report.

***Workshop Details:***

- Sponsors and Program Partners can set up their table displays between 8:30 and 9:00 am. We provide coffee, fruit and rolls in the morning and many FCNs arrive early to the event. This is a good time for them to browse the table.
- There is also a break midway through the morning when FCNs browse table. Nurses will again browse tables during and after lunch. You should plan to have a presence during the entire workshop.

If you are interested, fill out the information below and mail to Faith Community Nurse Network at 90 Emerald Street SE, Minneapolis, MN 55414 or contact [wanda@fcnntc.org](mailto:wanda@fcnntc.org) for more information.
